However, additional costs will be requested for instrument rental, its tuning as well as any other facilities, equipment, and personnel(s) for the operation.

\*Please note that 'time period' includes the times for preparation and clearing up (ie. load-in, load-out, tuning, rehearsals etc).

\*In principle, the hall does not recognise any extension of rented time periods.

\*If the venue is hired for recording purposes only, the standard charge is JPY 26,250 (tax included) per hour.
